

RESEARCH PROJECT

INDIVIDUAL AND SOCIAL VALUES AND MORALS

1. Individual values
2. Subjective and objective values.
3. Social values
4. Egocentric and sociocentric morals, and the systemic synthesis
5. Are social values and morals derivable from individual ones?
6. The impasse in contemporary value theory and ethics: an examination of subjectivism and objectivism, relativism and absolutism, Kantianism, utilitarianism, libertarianism, and contractarianism.
7. The way out of the impasse: the systemic view of values and morals.
